In that vein—attached is the pipeline with 2015/2016 revenue columns added. The things I want to make sure we look at are “Estimated Month # 2015” and making sure the “actual revenue” and “BPS/Flat Fee” columns look accurate.

Add this to the pipeline. Size is \$100mm and spread is 6%. Probability is 25% by end of next year

Guys,

Great to see you yesterday, thanks for taking the time. Ruth did some more thinking about your land loan situation, and we may have a way to refinance it for you. Can you chat before 4pm NY time this afternoon or early next week? Hope all is well

Stew
