I'm ok sticking with the top 31 but want to add Alex Sapir and Rotem Ronen to it. I would remove Jeffrey Epstein though at this point.

I think we remove the bottom section, only keep the top 31, which satisfies Chips adjustments and replace Anschutz with Scot Malin. That should leave us

with 31 total.

Kind regards,

Caroline Kitidis

LatAm was excluded because I believe the third party that supports the program does not have a significant presence in LatAm and events the clients can attend are not planned to take place in LatAm.

We will highlight those changes on the list.

Quick question: I don't see any LatAm names, where are they included?

I went through the list and want to make the following changes:

Delete the following names: Kaiser, Templeton, Houchens, Dorrance, Anschutz, Brenninkmeijer, Deccan, RAWA, McGraw, West and Scripps

I would add: Scott Malkin

I'm concerned about getting people to the early Wed am VC with this storm coming in. Will reach out to Alexander to let him know we may need to reschedule the Americas call.

I just confirmed that there is no formal cap by region yet. There are 100 spots available globally that will be allocated to the regions after the nominees by region are aggregated. Additional spots can also be purchased if needed.

Hi Diego,

We have not, when do the region nominations need to be submitted by?

I would like to review the NPA again to check the goal posts haven't moved, as some of the qualifying language in the most recent ppt suggested it has.

I plan to do that review this week.

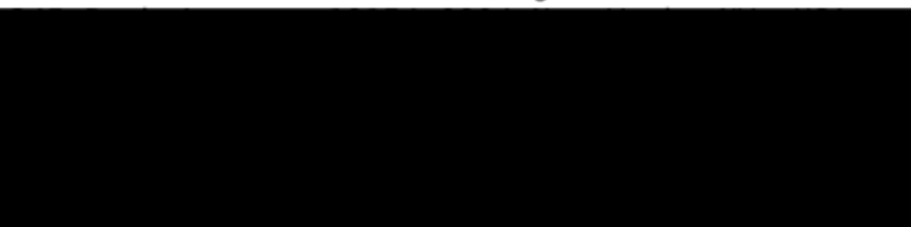

Best, Mat

Kind regards,

Diego, Mat did this work, he defined these metrics over the past 6months with compliance so we have this. We discussed today and I am going to review again and he will send to you to discuss. As an FYI to your last

point, there is no discussion post filtering, the filter defines who gets the membership card, its formulaic no discretion.

Kind regards,

Caroline Kitidis

Hi Mat,

We had a kick-off call on the Quintessentially Platinum program this morning (see attached presentation).

We need to nominate US clients for this program (total of 100 clients globally will be selected); in the US the clients should meet the criteria below (see page 18 of the attached document):

- Net worth >\$500m
- AuM with AWM >\$50m
- Annual revenue potential >\$1m
- On-boarded on KCP

Could you please send me the list of on-boarded KCP clients, AuM with us, and 2014 revenue (or any estimate of annualized revenue potential)? Based on that list I will filter the ones that meet the criteria above so that we can have a discussion on who should be nominated.

Thanks,

Diego

All,

you were nominated by the regional GMT Heads to support the rollout of our new client retention and acquisition program Quintessentially Platinum.

After several months of preparation, we have obtained all approvals, closed the deal and are now preparing the rollout of the program. Proper client nomination as well as indepth staff training are crucial elements of the rollout as well as success factors for the program. The initiative offers our clients very individual services that will help strengthen important relationships. Another component of the cooperation consists of new event activities per region providing our organisation with new ways of access to clients and prospects alike.

The close cooperation between all involved parties internally as well as with Quintessentially will be essential in establishing the program and making it a success.

Attached you find comprehensive information on the program; please start start preparing the client selection for your region specifically. We will shortly set-up a kick-off call for the 2nd week of January to go through all details, determine the nomination criteria and next steps.

(See attached file: Quintessentially - Kick_off.pptx)

Please devote your fullest attention to this strategic initiative. Looking forward working with you on making this a successful initiative.

Alexander Michaela
