JPMSI is a member of the Securities Investor Protection Corporation ("SIPC"), a not-for-profit membership corporation funded by broker-dealers registered with the Securities and Exchange Commission. Securities and cash held for a customer account at JPMSI are protected up to the total net equity of each account. The first \$500,000 of protection, which includes up to \$100,000 of protection for cash, is provided by SIPC. As of March 2004, the balance of the protection is provided by a separate Excess SIPC Surety Bond issued by Customer Asset Protection Company. SIPC and excess SIPC protection do not protect against losses from fluctuations in the value of the securities. Assets held in custody by JPMorgan Chase Bank, N.A. (the "Bank") are not subject to SIPC or excess SIPC protection.

J.P. Morgan Securities Inc., JPMorgan Chase Bank, N.A. or their affiliates (the "Morgan Companies") may provide administrative, custodial, sales, distribution or shareholder services to JPMorgan Funds, American Century Funds, or funds established, sponsored, advised, or managed by third parties, and the Morgan Companies may be compensated for such services.

Explanation of JPMSI Ratings: JPMorgan uses the following rating system:

Overweight: Over the next six to twelve months, we expect this stock will outperform the average total return of the stocks in the analyst's (or the analyst's team's) coverage universe.

Neutral: Over the next six to twelve months, we expect this stock will perform in line with the average total return of the stocks in the analyst's (or the analyst's team's) coverage universe.

Underweight: Over the next six to twelve months, we expect this stock will under-perform the average total return of the stocks in the analyst's (or the analyst's team's) coverage universe.

Independent Research Ratings: JPMSI does not endorse or otherwise adopt the Independent Research Provider research and/or ratings. Different firms use a variety of ratings terms as well as different ratings systems to describe their recommendations. JPMSI uses a "relative" ratings system as described above. IRPs may use a different ratings system, such as an "absolute" ratings system and use such terms as "buy", "hold", or "sell". Since "relative" and "absolute" ratings systems are fundamentally different, you should read carefully the definitions of all ratings used in the JPMSI and IRP research that is included in the research itself. For this reason and since the research contains the basis for the ratings as well as complete information concerning the analyst's views, you should read carefully the research and not infer its contents from the rating alone.
