Important Information about Pricing and Valuations

Certain assets including but not limited to, pooled private investments, non-publicly traded and infrequently traded securities, derivatives, partnership interests and tangible assets are generally illiquid,

the value of which may have been provided to us by third parties who may not

be independent of the issuer or manager. Such information is reflected as of the last date provided to us, and is not independently verified.

Prices, some of which are provided by pricing services or other sources which we deem reliable, are not guaranteed for accuracy or as realizable values.

Market value information (including without limitation, prices, exchange rates, accrued income and bond ratings) furnished herein has been obtained from sources that J.P. Morgan believes to be reliable and is furnished for the exclusive use of the client.

J.P. Morgan makes no representation, warranty or guarantee, express or implied, that any quoted value represents the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated.

The current price is the value of the financial asset share, unit or contract as priced at the close of the market on the last day of the statement period or the last available price.

All values provided for structured yield deposits (for example, JPMorgan London Time Deposits) reflect the original deposit amount only.

The current value for Real Estate, Mineral Interests and Miscellaneous Assets may not reflect the most current value of the asset.

Valuations of over-the-counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid-market basis. These valuations are indicative values as of the

Account [REDACTED] Page 42 of 44

close of business of the date of this statement and, except as otherwise agreed in writing, these valuations do not represent the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated as of the date of this statement. We do not warrant their completeness or accuracy. These valuations are derived from proprietary models based upon well-recognized financial principles and we have, when necessary to calculate the present value of future cash flows, made reasonable estimates about relevant future market conditions. Valuations based on other models or different assumptions may yield different results. J.P. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations, (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put. Valuations are provided for information purposes only and are intended solely for your own use. Please refer to the trade confirmation for details of each transaction.

Please review your statement promptly and report any discrepancies immediately to an account officer whose name appears on the contact page of this statement.

This statement is not an official document for income tax reporting purposes. Deposits in Foreign Branches are not insured by the FDIC or any other Agency of the Federal Government; Amounts in such foreign accounts do not have the benefit of any Domestic preference applicable to U.S Banks; certain Foreign accounts are considered reportable to the Internal Revenue Service on a Report of Foreign Bank and Financial Account (TD F 90-22.1).

Important Information Regarding Auction Rate Securities (ARS). ARS are debt or preferred securities with an interest or dividend rate reset periodically in an auction. Although there may be daily, weekly and monthly resets, there is no guarantee that there will be liquidity. If there are not enough bids at an auction to redeem the securities available for sale, the result may be a failed auction. In the event of a failed auction, there is no assurance that a secondary market will develop or that the security will trade at par or any other price reflected on statements and online. Accordingly, investors should not rely on pricing information appearing in their statements or online with respect to ARS. Where J.P. Morgan was unable to obtain a price from an outside service for a particular ARS, the price column on your statement and online will indicate "\$0.00" which however should not be relied on as the price at which ARS would trade.

Additional Information About Your Accounts

Securities purchased or sold through JPMSI (1) other than mutual funds, are cleared through J.P.Morgan Clearing Corp. ("JPMCC"), an affiliate of JPMSI, and (2) other than exchange-listed options, are held in your Asset Account at JPMorgan Chase Bank, N.A. Positions in exchange-listed options are held by J.P.Morgan Clearing Corp. and are not delivered to or from your Asset Account. For

your convenience, however, positions in exchange-listed options are presented in this Asset Account statement together with other assets held in that account. All pertinent information about your settled and pending purchases and sales effected through your JPMSI account during the period covered by this statement, is summarized in the "Trade Activity" portion of this statement.

You should have received separate confirmations for each securities transaction. All transactions are subject to the terms and conditions stated on the reverse side of such confirmations and are subject to the constitution, by-laws, customs and interpretations of the marketplace where executed and governed by and construed in accordance with the laws of the State of New York and all applicable federal laws and regulations. Further information with respect to commissions and other charges related to the execution of transactions, including options transactions, has been included in confirmations that were previously furnished to you. Upon written request, JPMSI will promptly supply you with the latest such information.

Shareholders of certain JPMorgan Funds are charged a redemption fee equal to 2% of the proceeds if they exchange or redeem shares of such funds within 60 days of purchase, subject to certain exceptions set forth in the prospectus of the applicable Fund. Please consult your J.P. Morgan representative for a list of the JPMorgan Funds that impose redemption fees.

JPMCC and JPMSI are members of the Securities Investor Protection Corp ("SIPC"), a not-for-profit membership corporation funded by broker-dealers registered with the Securities and Exchange Commission. Securities and cash held for a customer at JPMSI and JPMCC are protected by SIPC up to \$500,000 per customer, which includes up to \$100,000 of protection for cash. SIPC does not protect against losses from fluctuations in the value of the securities. Assets held in custody by JPMorgan Chase Bank, N.A. (the "Bank") are not subject to SIPC. You may obtain information about SIPC, including the SIPC Brochure, on their website, at "www.sipc.org" or by contacting them at (202) 371-8300.

To the extent applicable, please read the following disclosures regarding estimated annual income (EAI) and estimated yield (EY): EAI and EY for certain types of securities could include a return of principal or capital gains in which case the EAI and EY would be overstated. EAI and EY are estimates and the actual income and yield might be lower or higher than the estimated amounts. EY reflects only the income generated by an investment. It does not reflect changes in its price, which may fluctuate.

**IMPORTANT INFORMATION ABOUT YOUR STATEMENT**

Contact your client service specialist if you think your statement is incorrect or you require additional information about a transaction on your statement.

This statement is not an official document for income tax reporting purposes. Deposits in Foreign Branches are not insured by the FDIC or any other Agency of the Federal Government; Amounts in such foreign accounts do not have the benefit of any Domestic

preference applicable to U.S Banks; certain Foreign accounts are considered reportable to the Internal Revenue Service on a Report of Foreign Bank and Financial Account (TD F 90-22.1).

Important Information Regarding Auction Rate Securities (ARS). ARS are debt or preferred securities with an interest or dividend rate reset periodically in an auction. Although there may be daily,

weekly and monthly resets, there is no guarantee that there will be liquidity. If there are not enough bids at an auction to redeem the securities available for sale, the result may be a failed auction. In the event of a failed auction, there is no assurance that a secondary market will develop or that the security will trade at par or any other price reflected on statements and online. Accordingly, investors

should not rely on pricing information appearing in their statements or online with respect to ARS. Where J.P. Morgan was unable to obtain a price from an outside service for a particular ARS, the price column on your statement and online will indicate "\$0.00" which however should not be relied on as the price at which ARS would trade.

JPMCI and JPMCC are members of the Securities Investor Protection Corporation ("SIPC"). Securities and cash held for a customer at JPMCC are protected by SIPC up to \$500,000 per customer, which includes up to \$100,000 of protection for cash. SIPC does not protect against losses from fluctuations in the value of the securities. Assets held in custody by JPMorgan Chase Bank, N.A.

("JPMCB") are not subject to SIPC. For more information about SIPC Coverage, including the SIPC Brochure, visit [www.sipc.org](http://www.sipc.org) or by calling SIPC at (202) 371-8300.

To the extent applicable, please read the following disclosures regarding estimated annual income (EAI) and estimated yield (EY): EAI and EY for certain types of securities could include a return of principal or capital gains in which case the EAI and EY would be overstated. EAI and EY are estimates and the actual income and yield might be lower or higher than the estimated amounts. EY reflects only the income generated by an investment. It does not reflect changes in its price, which may fluctuate.

JPMCI, JPMCB or their affiliates (the "J.P. Morgan Companies") may provide administrative, custodial, sales, distribution or shareholder services to JPMorgan Funds, American Century Funds, or funds established, sponsored, advised, or managed by third parties, and the J.P.

Morgan Companies may be compensated for such services.

A financial statement of this organization is available to you for personal inspection at its offices, or a copy will be mailed to you upon written request.
