For the Period 1/1/14 to 1/31/14

For your convenience we have combined statement(s) for activity you conduct through J.P. Morgan in one package. Below are important disclosures relating to these different accounts.

These statements may relate to various account types. Some of the disclosures are applicable to all of your accounts. For ease of reference the disclosures applicable to a particular type of account have been grouped together by descriptive headers.

**IMPORTANT GENERAL INFORMATION APPLICABLE TO ALL OF YOUR ACCOUNT(S)**

**Important Information about Pricing ,Valuations, Estimated Annual Income, and Estimated Yield**

Market value information (including without limitation, prices, exchange rates, accrued income and bond ratings) furnished herein, some of which has been provided by pricing sources that J.P. Morgan believes to be reliable, is not guaranteed for accuracy but provided for informational purposes and is furnished for the exclusive use of the client. The current price is the value of the financial asset share, unit or contract as priced at the close of the market on the last day of the statement period or the last available price. All values provided for structured yield deposits (for example, JPMorgan London Time Deposits) reflect the original deposit amount only. The value for Real Estate, Mineral Interests and Miscellaneous Assets may not reflect the most current value of the asset.

Important information regarding Auction Rate Securities (ARS). ARS are debt or preferred securities with an interest or dividend rate reset periodically in an auction. Although there may be daily, weekly and monthly resets, there is no guarantee that there will be liquidity. If there are not enough bids at an auction to redeem the securities available for sale, the result may be a failed auction. In the event of a failed auction, there is no assurance that a secondary market will develop or that the security will trade at par or any other price reflected on statements and online. Accordingly, investors should not rely on pricing information appearing in their statements or online with respect to ARS. When J.P. Morgan is unable to obtain a price from an internal or outside source for a particular ARS, the price column on your statement will indicate "unpriced".

Valuations of over-the-counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid-market basis. These valuations are sourced from the various issuers of the securities or they are sourced from a third party valuation provider. J.P. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations, (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put. Valuations are provided for information purposes only and are intended solely for your own use. Please refer to the trade confirmation for details of each transaction.

Certain assets, including but not limited to, pooled and private investments, non-publicly traded and infrequently traded securities, derivatives, partnership interests and tangible assets are generally illiquid, the value of such asset may have been provided to us by third

parties who may or may not be independent of the issuer or manager. Such information is reflected as of the last date provided to us, and is not independently verified.

In cases where we are unable to obtain a current market value from an internal or outside source for a particular security, the price column on your statement will indicate "unpriced". Although such securities may have value, please note that the value of a security indicated as "unpriced" will not be included in your overall current market value as reflected on the statement.

J.P. Morgan makes no representation, warranty or guarantee, express or implied, that any quoted value represents the actual terms at which securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated. Such values may only be indicative.

When we are unable to obtain a current value from an internal or outside source for a particular security, the price column on your statement will indicate "unpriced".

If a partial call is made with respect to an issue of securities included in your Accounts we will allocate the call by a method we deem fair and equitable.

To the extent applicable, please note the following regarding estimated annual income (EAI) and estimated yield (EY): EAI and EY for certain types of securities could include a return of principal or capital gains in which case the EAI and EY would be overstated. EAI and EY are estimates and the actual income and yield might be lower or higher than the estimated amounts. EY reflects only the income generated by an investment. It does not reflect changes in its price, which may fluctuate.

Fund manager disclosure information available upon request

If you have an investment account that is managed by an SEC-Registered Investment Advisor, J.P. Morgan will provide a copy of the advisor's Form ADV II or brochure upon written request.

These statements are not official documents for income tax reporting purposes and should not be relied upon for such purposes, including determination of income, cost basis, amortization or accretion, or gain/loss. Such information, which may be inaccurate, incomplete or subject to updating, should be confirmed with your records and your tax advisor.

Please take the steps indicated below if you think statement(s) are incorrect or contact your J.P.Morgan team if you require additional information about a transaction on your statement(s).

**IMPORTANT ADDITIONAL INFORMATION APPLICABLE ONLY TO YOUR ASSET ACCOUNT(S)  
(LINKED TO JPMS)**

Your Asset Account consists of a bank account that custodies assets linked to a brokerage account through which securities transactions are executed. As a result, the Asset Account statement(s) reflect brokerage transactions executed through JPMS but (except for exchange listed options) held in custody at JPMCB. Securities purchased or sold through JPMS in U.S. markets (other than mutual funds) are cleared through an affiliate of JPMS, in non-U.S. markets securities are cleared through JPMS. Positions in exchange-listed options are held by JPMCC. For your convenience, however, positions in exchange-listed options are presented in Asset Account statement(s) together with other assets held in such account(s). All pertinent information about your settled and pending purchases and sales effected through your JPMS account during the period covered by these statement(s), is summarized in the "Trade Activity" portion of the statement(s).

**In Case of Other Errors or Questions About Your Asset Account Statement(s)**  
Please review your statement(s) and promptly report any inaccuracy or discrepancy including possible unauthorized trading activity, unrecorded dividend payments, unaccounted cash positions,

improper payments or transfers in writing to both the introducing broker, JPMS and the clearing firm, JPMCC at the addresses shown on your statement(s). Any oral communication should be re-confirmed in writing to further protect your rights, including your rights under the Securities Investor Protection Act (SIPA). If you have any questions please contact your J.P.Morgan team.

In your written communication, please provide the following information: (1) your name and account number; (2) the dollar amount of the suspected error; and (3) a description of the error and explanation, if you can, why you believe there is an error. If you need more information, you must describe the item you are unsure about. We must receive your written communication no later than 30 days after the statement on which the error or problem appeared is sent or made available. If you do not so notify us, you agree that the statement activity and account balance(s) are correct.

JPMCC and JPMS are members of the Securities Investor Protection Corp ("SIPC"), a not-for-profit membership corporation funded by broker-dealers registered with the Securities and Exchange Commission. Securities and cash held for a customer at JPMCC are protected by SIPC up to \$500,000 per customer, which includes up to \$250,000 of protection for cash. SIPC does not protect against losses from fluctuations in the value of the securities. Assets held in custody by JPMCB are not subject to SIPC. You may obtain information about SIPC, including the SIPC Brochure, on their website, at "[www.sipc.org](http://www.sipc.org)" or by contacting them at (202) 371-8300.
