IMPORTANT INFORMATION ABOUT PRIVATE INVESTMENTS: FOOTNOTES 1 - 3

Private Equity, Hedge Funds, Exchange Funds, Real Estate and Other Alternative Assets

1. Direct private equity investments and pooled private investments (e.g., interests in limited partnerships and limited liability companies) are generally illiquid securities. Values are estimates only and are not warranted for accuracy or completeness. Values do not represent the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into or the actual terms on which existing transactions could be liquidated as of the date of this statement.

Direct private equity investments are generally valued at cost, unless there is an active secondary trading market in the securities, in which case, direct private equity investments are valued using market prices as of the close of the last business day for this statement period.

Pooled private equity investments are valued according to the General Partner's or Manager's stated methodology. In general, pooled private equity investments are valued at cost unless a significant investment event occurs which mandates a revaluation of the

investment. The valuation methodologies generally include an appraisal of the underlying assets at the lower of cost or a written-down amount, at a value at which third party financing has occurred, at a market price if an active secondary market develops, or at a value

calculated by an independent party. Please refer to the limited partnership agreement, limited liability company agreement or other operative documentation for each investment for the specific valuation methodology used by the General Partner or Manager for that

investment. Morgan expressly disclaims any responsibility for (1) the accuracy of the information and the methodology used by the General Partner or Manager in deriving valuations, (2) any errors or omissions in compiling or disseminating the valuations, and (3) any use to which the valuations are put. Valuations are provided for information purposes only and are intended solely for your own use.

Hedge funds generally calculate the price (the "Net Asset Value" or "NAV"), 10-15 business days following the last business day of the month. For that reason, hedge fund NAVs shown will generally be the NAV of the month preceding this statement period. In general,

the NAV is stated net of management and incentive fees. The NAV is calculated according to the General Partner's or Manager's stated methodology. Please refer to the limited partnership agreement, limited liability company agreement or other operative documentation

for each hedge fund for the specific valuation methodology used by the General Partner or Manager for that hedge fund. Morgan expressly disclaims any responsibility for (1) the accuracy of the information and the methodology used by the General Partner or Manager in

deriving valuations, (2) any errors or omissions in compiling or disseminating the valuations, and (3) any use to which the valuations are put. Valuations are provided for information purposes only and are intended solely for your own use.

For Exchange Funds, the price (the "Net Asset Value" or "NAV") includes the value of any non-marketable securities that are valued monthly using a fair value methodology approved by the board of the Manager. The 'Net Asset Value USD' reflects the line of credit used to

finance the non-marketable securities, the non-marketable securities and the swap contracts used to mitigate the interest rate risk between the floating rate on the line of credit and the fixed rate of the non-marketable securities. The Fund can draw down on the line of

credit to pay expenses and management fees at startup or in the event that the dividend income from the underlying securities cannot pay the expenses of the Fund.

This statement does not provide tax reporting on private investments. Please continue to rely upon the General Partner or Manager of the investment vehicle for this information.

Prices, some of which are provided by pricing services or other sources which we deem reliable, are not guaranteed for accuracy or as realizable values.

2. The 'Capital Called Since Inception USD' and 'Cash/Security distributions Since Inception USD' columns are updated monthly to reflect activity (capital calls and distributions), if any.

3. Hedge funds generally allow subscriptions on a monthly or quarterly basis. Your interest in a hedge fund or hedge fund of funds is generally as of the first business day of the subscription period. Due to early funding requirements by the applicable fund, your account

may be debited for the subscription amount prior to the subscription date. Please refer to the applicable hedge fund's operative documentation for further details.

Hedge fund redemptions are generally on a monthly, quarterly or annual basis but can sometimes be subject to a multi-year lockup before a redemption is permitted. For redemptions, there is generally a notification period that can be a long interval before the actual redemption date. Redemption proceeds are generally paid 3-5 business days after the final NAV is issued, but can be subject to a holdback of a portion of the proceeds until an annual audit of the Fund has been completed. Please refer to the applicable hedge fund's operating documentation for further details.

For hedge funds, one of two methods will be used on this statement to report how incentive fees that may be owed to the General Partner or Manager are paid. The first method is called "Series of Shares and Consolidation Method" and will allocate a new series of the hedge fund at a par value (e.g. 1, 100 or 1000) for every subscription period during the year and a different NAV will be tracked for each series. At the end of the applicable incentive fee period (generally the end of the year), any series for which an incentive fee is payable (i.e., the fund has a net profit or is over the applicable "high water mark" and known as the "Consolidating Series") will be incorporated with and consolidated as part of the earliest series issued by the fund in which an investor has subscribed for which an incentive fee is payable (the "Lead Series"). Investor holding shares in a Consolidating Series will have their shares redeemed from each of the Consolidating Series and simultaneously be issued additional shares of the Lead Series (based on the NAV of the Lead Series on the conversion date). Any series for which an incentive fee is not payable (i.e. the fund has a net loss or is not over the applicable "high water mark") will remain as a separate series until the following incentive fee period ends (generally at year-end), when it will again be evaluated and consolidated as part of the Lead Series if the previously described criteria is met.

The second method is called the "Equalization Method". "Equalization" is an accounting methodology used to ensure that each investor in a hedge fund is paying his/her equitable allocation of incentive fees.

Unlike the Series of Shares method, shares held by all investors are valued at the same NAV. The "Equalization Amount" reflects an amount deducted from the subscription amount in order to "equalize" the incentive fees among investors investing to the Fund in the current year. The "Equalization Factor" used to determine the Equalization Amount may vary among investors and depends on both the date at which an investor subscribes to the fund and the fund's current level of performance. An investor who subscribes to a fund following the initial closing date will have an Equalization Amount effectively segregated from the subscription amount utilized to purchase shares. The Equalization Amount can change overtime, depending on any new investors entering the fund as the amount is again "equalized" to ensure each investor has an equitable allocation of incentive fees. Note that a change in equalization overtime can result in a negative Equalization Amount. A negative equalization amount implies a potential reduction in investor shares to pay incentive fees to the Manager.

There are two Equalization Methods commonly used today: "Redemption Method" or "Depreciation Method". Under both methods, if the fund is up in value from its inception date and from the date in which an investor has invested at the end of the applicable period (generally year-end) the Equalization Amount is used by the Fund to issue additional shares to the investor. If the investor had invested in the fund when the fund is down in value from its inception date and the fund subsequently goes up in value (at or beyond the applicable high water mark), under the Redemption Method an investor's shares will be redeemed to pay incentive fees owed to the manager. Under the Depreciation Method, an amount is deducted from the subscription amount and credited as a depreciation deposit which is then used to pay incentive fees owed to the General Partner or Manager on an ongoing basis. For additional information, refer to the hedge fund's operating documents.

Prices, some of which are provided by pricing services or other sources which we deem reliable, are not guaranteed for accuracy or as realizable values.

Free credit balances in your account are not segregated and may be used in the operation of JPMSI's business, subject to the limitations of SEC Rule 15c3-3. Unless otherwise instructed, JPMSI or its agents and depositories will hold your securities. Upon

your demand, JPMSI will pay to you the amount of your free credit balance, and will deliver to you fully-paid securities held on your behalf.

Interest will be charged on any debit balance; the method of calculating interest is described in a letter sent to all margin customers. Upon written request, JPMSI will supply you with our most recent statement required to be furnished to customers

under SEC Rule 17a-5(c).

If a partial call is made with respect to an issue of securities included in your Margin Account we will allocate the call by a method we deem fair and equitable.

You should have received separate JPMSI trade confirmations for each securities transaction. All transactions are subject to the terms and conditions stated on the reverse side of such confirmations and are subject to the constitution, by-laws, customs

and interpretations of the marketplace where executed and governed by and construed in accordance with the laws of the state of New York and all applicable federal laws and regulations.

You must promptly advise JPMSI of material changes in your investment objectives or financial situation. Unless you inform JPMSI otherwise, JPMSI will consider the information currently in its files to be complete and accurate.

JPMSI is required by law to report to the Internal Revenue Service all dividends and/or interest income on bonds credited to your account during calendar year. Please retain all your statements to assist you in preparing your income tax returns.

A financial statement of JPMSI is available for your personal inspection at its offices, or a copy of it will be mailed upon your written request.

JPMSI is not a bank and is a separate legal entity from its bank or thrift affiliates, including JPMCB. The securities sold, offered or recommended by JPMSI:

- (1) Are not insured by the Federal Deposit Insurance Corporation, or any other governmental agency;
- (2) Are not deposits or other obligations of JPMSI's bank or thrift affiliates (unless otherwise indicated), and are not guaranteed by or the responsibility of any such affiliates (unless explicitly stated otherwise); and
- (3) Involve investment risks, including possible loss of the principal invested.

JPMSI's banking affiliates may be lenders to issuers of securities that JPMSI underwrites, in which case proceeds of offerings underwritten by JPMSI may be used for the repayment of such loans, and you should refer to the disclosure documents relating

to particular securities for discussion of any such lending relationships.

The Federal Reserve requires that JPMSI obtain your consent before it can obtain certain information from its bank or thrift affiliates, including their credit evaluation of you. We will assume that your continuing to transact business with JPMSI will

constitute your consent to the sharing of such information by JPMSI and its bank or thrift affiliates, to the extent permitted by law.

JPMorgan Private Bank is the marketing name for the private banking business conducted by J.P. Morgan Chase & Co. through its subsidiaries worldwide, including JPMCB and JPMSI.
