representation, warranty or guarantee, express or implied, that any quoted value represents the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities

could be liquidated.

The current price is the value of the financial asset share, unit or contract as priced at the close of the market on the last day of the statement period or the last available price.

All values provided for structured yield deposits (for example, JPMorgan London Time Deposits) reflect the original deposit amount only.

Valuations of over-the-counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid-market basis. These valuations are indicative values as of the close of business of the date of this statement and, except as otherwise

agreed in writing, these valuations do not represent the actual terms at which transactions or securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated as of the date of this

statement. We do not warrant their completeness or accuracy. These valuations are derived from proprietary models based upon well-recognized financial principles and we have, when necessary, to calculate the present value of future cash flows, made reasonable estimates

about relevant future market conditions. Valuations based on other models or different

assumptions may yield different results. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations, (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put. Valuations are provided for information purposes only and are intended solely for your own use. Please refer to the trade confirmation for details of each transaction.
