Irina, on 7/21/11, A/C # [REDACTED] was charged \$452.63 for:

JPMORGAN CHASE

CUSTODY FEES FOR THE PERIOD

FROM 04-01-2011 THROUGH 06-30-2011

MARKET VALUE: \$4,526,300.62

If this account has a fee schedule of Custody >100MM, minimum waived, excludes cash and JPM MM Funds, then what compromised the charge of \$452.63? It seems like all charges have been excluded.

The Custody >100 MM schedule starts at 4 bps - so its 4 bps times the MV of 4.5MM. Please review the fee

Irina, sorry but this account has the minimum waived. Shouldn't this minimum also be waived? - Entered On :
