Subject Closing brokerage accounts for Epstein

Ethel,

Please submit an SDI update to Liz Hogan to close the brokerage execution accounts for the following relationships:

FX closed

Q79961001 Jeffrey Epstein - Fees-Workstation ticket # [Redacted]
Q30171005 Financial Trust Company
Q78805001 Financial Trust Company

Once that is completed, please let us know as CSS will need to set these asset-only accounts onto the custody fee schedule.

Janet/Bill -- can you please take the necessary steps to put these three accounts on the "Custody >\$100mm" fee schedule? Please note that you will need to add special instructions that these accounts should be "coded to exclude cash and JPM money market funds from the custody fee calculation and the minimum fee should be waived".

Please confirm when all is said and done and thanks to everyone for your help!

Mary
