Hi Mary,

We can have all docs ready for you on Monday, but in the meantime we will need to have approval from Lisa Waters for the level 6 options

Can you please connect with Lisa to obtain approval?

Best Regards,

RC

Just what you want to hear on a 5110W d

We need to completely "re-document" the brokerage account for Financial Trust Company (cas id [REDACTED]). It will

be an asset/brokerage account; the client already has an asset account; we're adding brokerage and want all documents

and information updated; and will need AL functionality, options level 6.

e.g.; all asset classes; IPO cert form, etc

, etc.:
