thank you for sharing . my view . childish ! as you can see, from your writings you are not asking for answers or help , guidance you are telling people your views which are not grounded in experience , evidence or history. . I suggest you read more. though you suggest you should focus on yourslef. this entire piece . is focused on telling others what you think silly and a total waste of time

11:43:35 am

sorry

11:43:39 am

no one cares what a 25 year old girl thinks believes etc. just follow your intuition and go for it. . you have a gift , use it. . this blog is pissing in the ocean

11:44:36 am

ie , you are born with certain talents they cannot be changed , its like trying to make yourself taller. , the size of your bowl is fixed at birth how much you fill it is your job.

11:45:59 am

saying silly things with confidence doesnt make them any more true

11:46:34 am

J

Yes but this was a text for my friend not general. Its just as how i see and view things. Not about what i should do or dont. Its not for public

11:46:43 am

same issue, especially for a friend , just say I dont know. because thats the only true thing

11:47:18 am

J

But yes you sre right. But i still belive people can do better from what they were born with

11:47:32 am

I know but i feel like i need to help my friends when they ask

11:47:50 am

jeevacation

I need to help my friend , then tell her or him I DONT KNOW. dont give silly advice just because it makes you feel needed

11:48:21 am

For me life is like u get certsin cards and u try to play them well enough and better. Its not cardealers peoblem and not anybody's elses peoblem with which cards u were given first.

11:48:50 am

jeevacation

in card games. luck is the most important and taking advantage of the times when it might be on your side. Again Id like you to look in the mirror and see , sentences like . " for me life is like " , (like) . instead of for me . I want to learn about life as i know so little.

11:51:19 am

you are 25 years old , and have not played your cards well at all. sorry , you bet your time and lost ,the first few hands. I say this with the goal of helping . continuing the same strategy is guarated to end in failure. . be brave. writing a blog is not helpful to you or anyone else. . it is intellectual masturbation. . go on line . take classes. find a passion and stop feeling sorry for yourself. .

11:54:00 am

as example , so far your interview with me has not gone well at all. . why/ you never once gave me a reason that i should hire you , , you only told me why you wanted to do something different . how or why should that be my concern, , it is clear to me that you are smart but very misguided, no employer cares why you want the job and why it will benefit you. but your self focus needs to turn outward. telling me that you dont want to worry about taking care of others , because youwnat to first take care of yourself is probably not the greatest marketing pitch. that being said i know you have potential. . read what i wrote carefully so if you dont get his postion you dont makke the same mistake twice

11:57:37 am

I have always loved to travel and I get my motivation and energy purely from it. You would love to have in your team genuinely positive team mate and I would be happy to fulfill my dream. Happy to fulfill my dream is hardly a reason anyone should hire you

12:06:28 pm

i am taking my time to explain to you , something that is very valuable to your future I

12:07:01 pm

J

I know but i started from 0 even below and supported my family till now and went to university trying to graduate with high grades and still work and trying to do all these on my own. Yes luck hasn't been by my side but as far as i can see i went pretty far on my own struggles and strength so i know what i'm capable of if i really want it. I'm never feeling sorry about myself or anything relating to that. but as i can see it, i can't do it alone and for me to get more further i need more. That's why i'm very grateful for you to help me and guide me.

12:13:29 pm

Only why you should hire me is because i can see potential in me for something beyond the limits and as far as i can tell so do you but you're not sure, I bring something different to the table, for you to see it you need to hire me because i can tell you anything in the world here but only way you can see me in actions. You want to have someone persistent to get the job done no matter what? I am.

12:20:14 pm

jeevacation

better, ready the first paragraph, it's all about you. I know I can I went I know I'm capable I'm never I can't I need more

12:21:36 pm

it's all about you. !! I suggest you start thinking of what you can give instead of what you need want think desire know

12:22:19 pm

J

But i already know what i can give. I know that already

12:22:49 pm

Its never changed

12:23:00 pm

jeevacation

you are applying for a job you want the other person to know. a resume i received last week, Jeffrey, my dream for the past five years was being able to work for you. I am free to work 24/7 as hard as you need. I make mistakes but admit them quickly. I wont let you down please give me a chance to prove myself. She is flying in for an interview in ny on wed. compare it with yours. . . lana will contact you later

another, I understand service and will do my best to make your life easier, nicer and more peaceful for you. I have worked in a hotel spa as manager and you will find no harder worker.

12:29:53 pm

as opposed to- I like travel and would like to fulfill my desires. . I know you understand the difference

12:30:55 pm

no one is going to hire a 25 year old model whose major goal is focusing 5 more years on herself. .

12:32:17 pm

you are smart enough to realize your error. i hope

12:32:52 pm

BTW the only correct response is, yes, sorry

12:33:34 pm

Honestly, yes sorry. Got on the wrong track with you. I get your point and i can see where it went wrong. All i can say is i dont like too much talking about things rather then proving it. I told you im available and nothing disturbs me for working for you since thats why i asked if you sre still hiring. I wanna work for you. Im availble. Mistakes made. I understand

12:34:15 pm
