Sent you the reporter email - Steve has this question

————-

Something I've been thinking as I listed the conversation — RUN THIS BY JEE.

The reporter might think he's done with the story and told his editor he wasn't; able to get in touch with you. The fact that he didn't drop everything to talk to you is a bit unusual to me ("Sunday" and "deadline"). He might want to be looking for an out so he can stick to the story without any changes because he sold the editor on how hard he tried to talk to you.

So it would be good to get word and get a time set up to talk to the editor so it looks like you're available just in case. You could wait until after you talk or not … don't know enough of the crisis people dynamic and plans.

But if the editor knows you will talk on background then he has a harder time shutting down the story.

Ask JEE.

One additional question from me:

If he says YES off the record but no won't leave your name out of it do I still try to confirm his facts? Or do I say well then good luck with your story?

What do you think about his email

01:33:37 am

Sent you an email to forward

02:06:38 am

I don't know how he got my personal number but he left messages and sent texts wanting to confirm the call.

I do not want him to have my personal number and am not responding to that but had to confirm a time.

You told me that at every point with him i had to confirm off the record so I did.

Waiting for your email.

02:10:19 am

Sent you a response.
See what you think.

02:19:36 am

Seems like we both want something

I want my name out of the story

He wants facts for his story

Isn't there a way forward?

02:20:16 am

I have to talk to the spine team for a minute be right back.

Might need to talk to you to clarify a few things before call.

More in 15 minutes and can decide what email to send and call specifics

He seems to have laid out his ground rules.

MW   02:21:31 am

Now you are laying out yours
02:22:38 am

Ok i don't want to offend him but I want him to know I'm serious too
02:23:05 am

You told me we needed to be nice
02:23:12 am

He was home with family so he could not talk. Nothing more than that
02:23:13 am

Yes that's fine
02:23:31 am

Just forward my email
02:23:35 am

I edited a small
Bit bc the sentences didn't make sense?
02:23:55 am

02:24:02 am

02:24:15 am

02:24:22 am

One last question

02:26:58 am

If he says sorry I'm using your name then i don't reply or i say ok best of luck

Or if he wants to negotiate and say depends what you can tell me

Or what about confirming his facts As you said I dint jnkw what they are

02:27:47 am

Don't want to do wrong thing and don't know how he will reply

02:29:22 am

Don't even know facts / allegations he wants to discuss

MW 02:29:40 am

Leave out details of mentoring. Just say i mentor young women.   Either way , yes or no to your name/ delay ?

02:31:39 am

You want me to delay no matter what?

02:32:07 am

02:32:16 am

03:11:39 am

I know you are asleep
When you wake up he responded and I responded super briefly no details as you suggested w DELAY

03:24:38 am

forwarded you his note and my response

Need to figure out a plan for tmr

The Bank has decided they dint want to talk to the editor unless she reaches out with questions

03:25:38 am
