05:20:35 pm

The reporter clearly believes a relationship occurred- we must be careful

05:21:10 pm

OC

Maybe he follows me on Instagram and Steve on Twitter?

On Steve and I had Christmas vacation planned we were leaving from Seattle and I was supposed to be on leave.

But the Islamic development development asked me to come to their delivery unit event and help them with their data for a few days.

So Steve left ahead of me to Asia. And I re-routed my vacation so I could do the event.

05:21:16 pm

Jim wasn't in Jeddah or in Asia with me

05:21:59 pm

And Steve and I paid for all of the personal leg as you can see from the mail

05:23:37 pm

MW

To Oman for the evening during my layover cruised around the airport and same for

Here's a picture from the stage for one of the talks

05:28:23 pm

I can't recall all of the "receipts"

Onno Ruehl supposedly have the board bc I didnt get to see copies but i remember the chief of staff telling me that several of his alleged trips didn't even happen or had been planned and cancelled or that I didn't go in the trips and the tickets were refunded.

05:30:41 pm

Sometimes travel would book for the whole entourage when the executive team planned a trip. And then they would just cancel whoever wasn't supposed to be in the trip but that was determined by chief of staff not me. Definitely not Jim he never cared about that stuff or asked.

05:32:13 pm

Jim never approved any of my expenses or never played a role in any of my travel. Everything of mine related to bank went through chief of staff and her or his administrative assistive. I didnt have an administrative assistant and had no access to the travel portal or expenses.

05:33:12 pm

Trying to think of "dining alone together"

We used to host delivery lunches in the cafeteria and we would go sit at a big round table and leave a bunch of open chairs so people could join but there are hundreds of people

In the cafeteria

05:34:21 pm

Shalimar, Jim's secretary does Or did spend time w him but we don't really look too similar

05:34:57 pm

We also had a dinner with bill Gates and mark Suzman and Geoff lamb once and we ended up waiting at the restaurant because bill and his team were late. Jim and I arrived/left separately but waited at the restaurant for bill and his team to arrive. Maybe 10 minutes or so?

MW

05:36:14 pm

Okay he believes he has something ! Not sure what . Careful careful. Answers like big restaurant but

05:39:13 pm

oc

What Onno Ruehl circulated to board wasn't true or factual and that's what he has

05:39:57 pm

Because these are the same types of questions the board asked me

05:40:10 pm

Write a response or phone

05:41:24 pm

Can't tell from his email if he is threatening me

05:41:34 pm

Like i told you i wouldn't use your name but I might

05:41:45 pm

I'm going to scrub for about an hour more soon

MW

05:49:27 pm

He believes you lied
05:54:37 pm
