The house of my friend is a little more than 3000 a month but she has a roommate that is leaving in April and she said I can take her place when she goes away. The airbnb studio is 2000 a month. I don't know how much I will earn if they hire me but I guess around 1200-1500 euros

11:10:30 pm

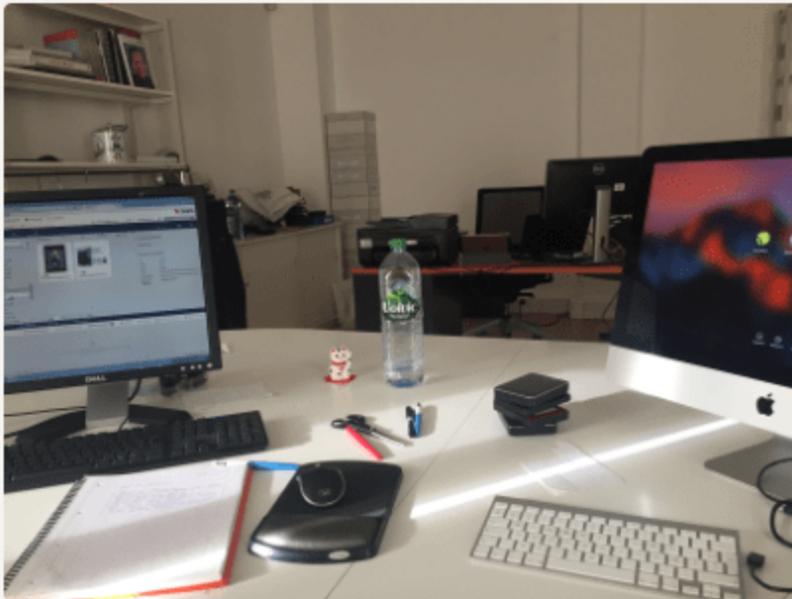

I could take the airbnb until March or April and then move with my friend when the other girl goes away

11:13:27 pm

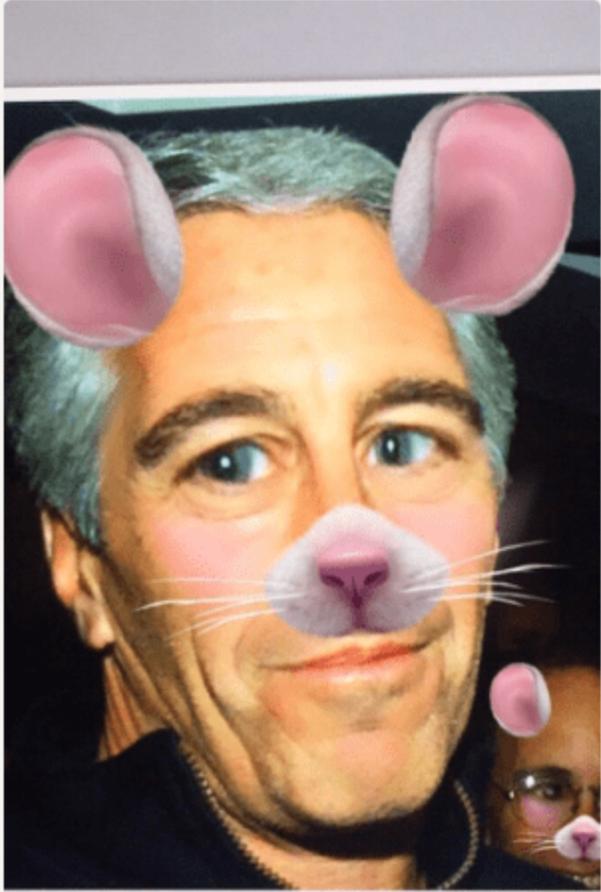

I know the house of my friend is more than 3000 but I don't remember how much exactly, I need to ask her

Everytime I look at the scars on my arm I think of all the pain I have suffered

12:19:40 am

There are huge psychological consequences to this... you say "don't smoke, don't drink" it's not healthy. Do you think what you are doing to me is healthy??? All this for a threesome...
