Hi Jeffrey

It's clear you don't want to invest in the bank 🏦 it's sad. I want to invest and ask them to decrease minimum check size. It is a strategic investment(network and PR) and I also think they can build business and we can exit on series B for instance.

Calling Lorenzo today.

Different topic:

Would you be interested to give me and [REDACTED] a loan of 100k for our davos business ? We need to get properties and events space for the Davos WEF part of the business to rent and pay 20-50% deposits before the wef. This spring-summer.

[REDACTED] brought over 20 clients to the WEF 2019.

I was in davos 3 weeks in April and am in davos next week with Alex to secure all venues and properties.

(Got serious. Working hard. Failed the CA bar)

My previous clients for apartments were Ellie Goulding (famous singer). She rented for 50K eur a place that we paid about 6k for.

Other clients - UK Parliament members . We rented for 7K CHF and subrented for 23K eur.

Let me know which % you would ask.

[REDACTED]
can you explain again why Bank Chase doesn't give a loan to Our company ?

After my O1 visa is expired (2021, November). I am bound to Crypto PR Lab and our ventures with Alex.

In 2022 July I rather take NY bar cause it's easier.

Will be tech / blockchain attorney (unless you want to hire me for other purposes attorney) , after I gained network who will be my legal clients and made money in PR and davos WEF events.

That's the plan.
