So this democrat has a saying: if you bring a mule to the Kentucky Derby you won't get into the starting gate let alone to the finish line. So this mule brought in five racehorses, the top 5 CEO's to donate them time to fix the VA!

I saw bilizian. he said try vitamin d for 2 months. . wanted me to test pth directly after stimulating lipoma on my shoulder. to see if related. thought cholesterol was too high , homocysteine high as well

01:09:05 pm

Bruce Moscovitz

Homocysteine we do nothing with we were treating it with folic acid until a smart MIT grad found that this was associated with increased risk of stroke

01:12:46 pm

BM

jeeitunes@gmail.com

he also thought that endogenous testosterone would make the lipid profile worse .

01:13:35 pm

Bruce Moscovitz

The untreated were at lower risk. It is marker for those who should eat more fruits and veggies. Baloney about testosterone
