(Deleted) No, I am not planning to see him anymore. When we talked before I was planning to move on, it was a mistake that I did, he treated me like a dog. Last time I went there with my friend just to get some money and my things. I didn't get everything back, but most, that day he gave some money which I used for the dentist 😊 because he asked me to straighten my teeth and now I am only in debt for a dentist... and still in debt for my father. So now at least I found work again in Hungary and live with parents.

Last time I went there with my friend just to get some money to survive and my things. So now at least I found work again in Hungary and live with parents... when I was with this French guy, my father wanted to sell the apartment where my mother and brother lives so I managed to agree with him that I will pay for the flat so that he doesn't do it. I managed to give him 15 thousand eur but he wanted more and now he is angry. So fun 🤔
