They are recorded but they are in postproduction now. Finished versions won't be ready till May. Raw audio will be available before then and I can send you that when we have it.

Ha.. this would be hysterical if it weren't so stupid.. This is some "landmark study" that was taken of a sample of women at a "women in physics" conference for undergraduates.. not like this would be a biased sample or anything.. "https://www.nature.com/articles/d41586-019-01303-6?utm_source=Nature+Briefing&utm_campaign=8c65730c3b-briefing-dy-20190423&utm_medium=email&utm_term=0_c9dfd39373-8c65730c3b-44001237.. Here is the quote: "Aycock and her colleagues recruited students who identify as female and who were attending one of the Conferences for Undergraduate Women in Physics, a series of meetings held at various universities. The scientists asked participants to answer a questionnaire about sexual experiences,...

Of the 455 people who responded, 338 reported experiencing some form of sexual harassment, including gender harassment — such as being ignored because of their sex or gender, or being told inappropriate jokes — unwanted sexual attention or a combination thereof during the previous two years. The incidents had taken place in settings associated with physics: including in research labs, classrooms or university departments, or at work-related events."

How do you know that you are being ignored because of your sex or gender? Could it be that you are ignored because you are not very good? Anyway, it is a remarkable world...

Hi. Returned from Alaska cruise celebrating my 65th birthday and retirement. Ship was disappointing but otherwise we had fun. Found a house in Victoria we would like to move to. A little more expensive than would like but if we sell our Portland place difference should not be great. High above water but has an apartment that my mother could live in part of the year which I think is important now that she is 97. Will depends on whether downpayment is enough and whether our earlier ore approval still works now that I am retired.

Almost done with prep for podcast. Should unveil in a couple of weeks. Did I send you links to rough cuts?

How are you doing. Things settling down at all?

Waiting to hear of nat geo will sign me for the new book. And some investment group says they want to arrange a Canadian speaking tour. Will see if that pans out.

Ok. Will do. Confidential for the moment. Sound editing still in progress. Especially to remove my uh-huhs when off camera.

Sent it. Did you get it.

Movement on potentially buying the place in Victoria has stalled. Seems that because of asu retirement that income this year cannot be factored into mortgage app. Sigh.

09:34:21 pm

L

Yes I got it , I wish you well with it.

09:43:25 pm

Lawrence

Thanks. Me also. It will be my income depending on whether I can write anything. Let me know if you watch it. Any thoughts good or bad.

How are things with you now. Any better?

09:49:24 pm

L

Press the same for me. . I watched. All three fully . Your intro lacks passion. Fun . Wink. - you interrupt the person speaking repeatedly . The microphone in you face needs to go , , use a boom. If you have too. .

09:51:47 pm

Jenny epps was a total waste

09:53:45 pm

Had nothing to say, trite , politically correct. And you pandered to it.

09:54:35 pm

Lawrence

Thanks. Agree on intros. Jenny will appeal to a certain demographic and Will make me more appear more female friendly. I did pander. Totally self serving there.

Noam was fascinating. He was "on". What about Ricky?

09:55:26 pm

You are a provocateur . Not Walter kronkite. . do you women are going to watch Ricky Gervais. . . Ricky was not funny, he's not that smart. And Noam was great , but as always. And he doesn't get play

09:56:13 pm

Not sure of who you think your audience is ? Young? old. ? lgbt? The microphone was a distraction .

Have to ease up on the porcacateur a bit at the beginning I think. I really lit into Martin Rees though. Wait for that one.

Audience will be mixture I think. Demographic for podcasts is mixed. And the choice of initial guests was designed to hit different demographics so we can learn who follows.

Looked like an old time radio program . Lighting was cold and the beard rabinical. Too close in for beard shots. . no one wants to see beards close up

09:59:46 pm

As you know. I truly hope this works for you. So I'm looking forward to see the results

Ha! I just shaved the beard for the summer. This is unknown territory as video podcasts are rare. We will see. I appreciate the good wishes.

10:01:37 pm

Hope to see you somewhere soon. Meanwhile pray for me on Monday. I get a new hip that day.

10:02:17 pm

Did I send you link to the physics paper I submitted last week?
