Can you be in Vienna 14 and 15 April? Salem, Anas, Antonio and his finance guy and architect with drawings and plans will be there. Maybe we could do many thing there. Should we ask Mr Evil and company to come? Salem is a key guy in that context.

Borge told me over dinner that in the Norwegian equivalent of FT, Dagens Næringsliv (DN) today there was an article saying M had pulled his company from the Stock Exchange in Oslo, and that the company owes 880 million NOKs, and has only a capital of 35 million. Borge says he knows that M has mortgage the family villa in Oslo. He thinks he will go under shortly.

Think we are one minute to twelve: the meeting tomorrow I think is the last chance to protect me for going under with him.

Borge knows nothing about the apartment and my unfortunately dealings with M.

Signatures tomorrow are essential.

Feel very bad about putting you in the middle of this.
