Eddie made A star in history of art. Best in school! Years since they have given a star. The next best after Eddie was a B minus! He is soooo proud. Essay on Turner. Just been washed. Ready for being paraded through the streets of Manhattan in a wheel chair. Dream of a lifetime!!!

Everything ok? Are you coming on Wednesday? DC looks crazier by the day! Remember vividly what you said before the election. Hoped you were not wright, but sadly you were spot on on everything! The only one.
Ps feeling great. Walking and exercising .

Hi, what did she smoke at your place yesterday? When she came back she was in a kind of trance, dreamworld. Impossible to talk to: except that you are a God etc. Said she would do anything just to see you.
Sent you an email. Have a look. ABZ has asked to see me on Tuesday. Spoke at length with the CEO of the WB yesterday. She is coming to Lux and Geneva. They want to set up a trustfund. Told me KSA is taking over chair of G20 after Japan, and have asked the WB to assist them. The CEO want IPI to work with WB on it. New Vice President for MENA appointed today. Good friend, smart and nice. From Tunisia.
She told me you are not leaving before tonight. Can I come by at some point?

Thought I told you: I'm seeing Rony for blood tests on 22 May, David for preparations on 25, surgery on 30 May. Rony will be there throughout ! He is simply fantastic! Sent him two cases of very good wine yesterday. Having dinner with the new British ambassador tonight. She is great!

Have some ideas for Miro which I want to discuss with you next.

Thx for everything! Feel like an idiot on the business stuff!
