Dear Sebastian,
Steve Bannon, who behind the scenes still is one of the most insightful and influential players in Washington (and very close to the President), would like to see you on various issues. He is now working very closely with Victor Orban and other of your colleagues in Europe. I am having dinner with him in Paris on 22 June. He could come to Vienna any time between the 23 and 28 of that month.
He is a very astute and extremely well informed analyst and player, though we have significantly different views on some issues ! I will strongly recommend that you see him, and am sure you will find it very useful.

Warmest

Terje
