The main idea is that people will be able to earn money and get rewards using social media. They will be able to use their money like any other currency to pay, send, receive, cash out. There will be many rewards and special offers for their customers. There will be many ways to spend the money, one is paying the bills at the restaurants, here is an example:

This was on March 28

01:32:33 pm

Message from Ryan:

"LYKA won all 3 category awards. No other company at this event or in their entire history has won all 3. I'll announce this at the next all hands.

I'll go to Las Vegas to accept the awards, be video interviewed, and to pitch investors. They are also going to send a press release about LYKA being the first to receive all 3."

01:32:45 pm

As the fundraising is closed already, there are still two people who didn't pay for their shares and it's ready to be transferred. One is worth 18k, another one is 80k, but as I mentioned he can send as much as we would like to.

01:33:48 pm

This is an example of document which would need to be signed:
