Jeffrey it's really hard to plan something for me these days as I had many problems and there is nothing stable. For now I make my money working as image and scouting girls, which means that this always comes first and pleasure or time for myself comes only after that. I'll use it for the right purpose as I told you. I chose another camp in caribbean for 3 weeks.

11:11:43 am

they offered me really great deal and the program. At the moment I'm in Marbella, having holidays and if nothing changes after I'll fly to caribbean (st lucia), the camp is called bodyholiday and will try to stay there 3 weeks.

09:48:45 am

I am doing great, just super tired have been running around a lot past days. Yes we got in a fight with Toma and this time very serious, we decided to stay separate all summer and do our own things.

Still no new guy, but as I said I am more open-minded now and giving an opportunity.

I met one really great girl here, will have a call with her today and we gonna speak. 😊
