S

you need to learn a skill that someone will pay you for. nurse. driver. pilot. . cosmetology. . you have been reading all your life but not doing. DOING is important trying failing. learning try again . each time better

02:39:00 pm

accounting is always a good skill to learn for business. . . basics only. so you understand. .

You are smart! Not sure why you prefer to act silly

08:37:17 am

o

Why do you think that I'm act silly?

11:18:34 am

Thank you for advice

11:18:39 am

I try to find myself now, that I like to do

11:19:45 am

I tried to become a programmer because I really interesting about it but I cannot sit still for a long time

11:20:53 am

But it's was nice experience

11:21:21 am

S

because if you are really serious , you would have reached out to ask / . asked what to read? what classes to take. . ? what to learn , start ups. ? etc. you are smart. there is no such thing as finding yourself. that is a fairy tale. do things try things. you are great but soo afraid of life. . try try try new things. even if you fail. its like driving -- imagine if you told me you want to learn to drive but the only thing you do is read about it. .. programming is not interesting. . for you , selling , communicating with people. . etc. you need experiecnec to learn not experinece just to experience DONT waste time. even try to get a jon

11:21:57 am

job

11:21:59 am

I understand, yes you are right, I'm afraid

12:16:53 pm

Can you help me please find the work? Real work, where I can grow up?

12:18:51 pm

S

Where are you

12:38:53 pm

It is not easy as you said you are afraid of men - so I need to find a woman you can work for

12:39:58 pm

if you behave like a child it is difficult to find an adult job , i know you understand

12:46:56 pm

I can work with the man if he will really give only the work, not tuch me or something like this, just teach me how to work, if he will give me only knowledge

03:12:12 pm

S

I'm not afraid of man I don't like when somebody touches me, Who I don't know and I don't know why

03:13:46 pm

1212 5333739

Understood

03:28:35 pm

the problem is that men are now afraid to make mistakes and have you be uncomfortable. so they rather not hire women. i will try to find a woman that you can work for . no problem
