Terje Rød-Larsen - the 2016-2017 Broadway play, Oslo, is a widely-praised dramatization of the previously unheralded secret work of Rød-Larsen and his wife

Rød-Larsen came to wide international prominence as a key figure in the 1990s negotiations that led to the Oslo Accords -- the first-ever agreements between Israel and the Palestine Liberation Organization (PLO) -- In 1993, he became the United Nations Special Coordinator in the Occupied Territories at the rank of Under-Secretary-General.

Rød-Larsen then returned to the United Nations, where he again became an Under-Secretary-General, serving as the UN Special Coordinator for the Middle East Peace Process and Personal Representative of the Secretary-General to the Palestine Liberation Organization and the Palestinian Authority from 1999 to 2004.

china. Once each citizen has a phone. ever phone will have lines of code. Coins will be outlawed. The lines of code will be used as a medium of exchange. . -- there goes the dynasty 😊

Leon doesn't really understand world politics. The fact that billionaires sprung up so fast. Showed the way to hack the system. It was a window in , otherwise not meaningful. . putting the 100k in jail , NEVER works. Its the idea that is powerful and once infected. And nourished. Its only a matter of time and effort

10:57:13 am

xi should once again , be doing the US laundry

10:57:49 am

Steve Bannon

Agree 100%

10:57:55 am

Leon is perfect example of the cadre we can build-- people who can actually 'get things done' who don't have an apparatus that takes them seriously-- only wants their money
