Suleiman Kerimov is being designated for being an official of the Government of the Russian Federation. Kerimov is a member of the Russian Federation Council. On November 20, 2017, Kerimov was detained in France and held for two days. He is alleged to have brought hundreds of millions of euros into France – transporting as much as 20 million euros at a time in suitcases, in addition to conducting more conventional funds transfers – without reporting the money to French tax authorities. Kerimov allegedly launders the funds through the purchase of villas. Kerimov was also accused of failing to pay 400 million euros in taxes related to villas.
