Steve Bannon

???

03:50:14 pm

SB

To remove the prohibition on indicting a sitting president, would be exactly the same as withdrawing the opinion on torture. There is precedent. And ...

Steve Bannon

Will pull

SB

Near the end of the Bush administration, Bradbury signed two memoranda for the files, explaining that during his tenure, OLC had determined that certain legal propositions previously stated in ten OLC opinions issued between 2001 and 2003 concerning executive power in the War on Terror no longer reflected the views of OLC.. Rosenstein can do the same

04:33:54 pm

Also pritzker going to chair a xi, us biz meeting next week, if you would like input or questions. ?

One of my favorites. :

Replying to @ThisWeekABC @jonkarl

Jon Karl was eaten alive by Bannon. Don't have guests on like Bannon if you don't have an interviewer who can match wits. Bannon is an awful man - a dishonest man with a reactionary, right-wing agenda. He needs to be interviewed by someone who can challenge him effectively.

03:10:10 pm

Bingo

03:10:31 pm

Eaten alive
