Re :china -keep in mind by reducing the yuan rate the exporters will receive more yuan per dollar. The reserves as they are in dollars already will be worth more in yuan. And as the local debt is in yuan easier to pay back and strengthens the banks

02:15:46 pm

Steve Bannon

So what does that mean???

China will use proxy and currency to offset lower export keeping numbers in yuan growing . Recall gdp in local currency

02:37:34 pm

My point is that you are attempting to use money , finance and the economy as a deterrent or weapon, it does not work . I can get around it , in a myriad of ways. . you need other fronts.
