11:55:43 am

suggest the chinese will try to use this as a reason to explain their bubble in real estate collapse. . instead of realizing their slavery system is doomed they want an enemy for the people to point to as reason

11:59:23 am

Steve Bannon

SB

Fucking genius

11:59:37 am

this was a calculated move . always intended. they knew trump would walk, 600 million people can't afford vegetables. - they needs a currency devaluation , . they can make it up by selling dollars forward. that's why i asked

12:01:40 pm

and have 1 billion people angry at you 😊

12:02:01 pm

sunlight disinfectant on the shadows

12:03:28 pm

Steve Bannon

U think they are going to currency devaluation

12:04:12 pm

SB

I think they will take steps to have a bubble collapse , they need bankruptcies to clean the overheated system and frighten people into slowing speculation. . there is no alternative to keep cash but real estate. . no top echelon biz guy can either make new investments in states. and if they want to get money outside the discount as risen from 10 to 40 %/ . wow

12:06:08 pm

Steve Bannon

Wow wow wow

12:06:43 pm

attacking their propaganda much more effective than tariffs.

12:11:05 pm

use their three trillion dollars as reserves as a burden not a benefit. (what can they do with that money . . sell it and buy ??? what ? gold? euro? yen. no they're fucked. they are too big to sell. . have to be careful that their bankruptcy don't disrupt the entire system but financial failures have a way of unintended consequences

12:15:53 pm

" we know what they are up to . they need to clean up their internal financial mess and will attempt to blame it on trump . " it won't work . - even schumer can see through it

12:17:52 pm

tom friedman is focuses on intl . xi on domestic .

12:20:45 pm

just published two minutes ago The comments appear intended to stir the spirit of the Chinese people as the Trump administration continues to press China on trade. But they also seem to acknowledge that the Chinese public could face difficult times ahead.

01:49:53 pm

I see what you are saying -- but trump can't do the capital market exclusions-- that has to be private citizens / private group

02:12:01 pm

SB

I agree , i just don't want you to appear that you are part of govt . so the " we " has to be made clear , so trump doesn't say he doesn't speak for the country or for its biz . you are doing so well . no need not to be surgical
