I think I figured it out. Tewari has told me several times that he wants a Park Ave office. In retrospect, I think he just wanted my office. Out of nowhere Sinai told me they wanted to take over my lease. That was new and not what Arthur Klein and I agreed on. I showed Sinai my lease that cannot be transferred and that's when they balked. Arthur Klein's office told me to speak directly with Tewari.

Spoke with Janet Street, Arthur Klein's administrator who came to my office last week. She said that there is no need for Sinai to take over the lease (as Tewari said). She just said all that is needed is for Tewari to move a head. Will reach out to Tewari tomorrow.

12:47:15 am

Someone is stinky at Sinai.
