Should have been over by now but the President wants a meeting with the Prime minister and myself tomorrow. After that he should say he doesn't accept my resignation. And after that I will say that I continue under some conditions (strict EU and NATO orientation)

OK

President today told me he needed the expression of my will to continue in order to reject my resignation. I said I needed him to refuse my resignation in order to agree to continue. So in the end he accepted my proposal to "take time out" to decide about my resignation. In the meantime I'm fully functional and in some 2 weeks, when the dust settles, we will definitely close it.

I think it's under control. Most importantly I didn't take it back and thus maintain my integrity.

sounds perfect

██████████

Yes, right now the best possible solution

How is the press responding

01:29:48 pm

██████████

Negatively. Criticize mostly the President but also the whole situation. They say it takes too long, it's not serious and the country cannot depend on one person.

01:31:33 pm

██████████

I think I will announce that I will continue. It has to end.

Fighting change from inside more powerful than out? Good argument

01:32:56 pm

For change

01:33:23 pm

[REDACTED]

Yes

01:33:37 pm

[REDACTED]

My guess is that your poll numbers will rise with all the publicity

We will see. I will let you know.

[REDACTED]

I announced this morning that I made a decision to continue, based on:
1/ many private and public requests for me to stay, including by the President and the Prime minister;
2/ guarantees that Slovakia will stay firmly on euro-Atlantic trajectory

07:56:57 pm

[REDACTED]

How was it received?

07:57:25 pm

[REDACTED]

Up until now better than I expected. Outside of the country full understanding and support. Inside mixed. Good people are happy, bad people say I lost my credibility

08:03:35 pm

So not nice
08:04:31 pm

It was to be expected
08:05:17 pm

I guess, , mean seems to spread. . France Germany us. . civil strife
08:06:18 pm

Terrible
08:06:37 pm

France looks bad. yes?
08:14:52 pm

Very bad
08:15:13 pm

Everybody is scared of Saturday
08:15:30 pm

What would you do? If the govt shoots people. It will get really bad. However if they do nothing , also bad
08:16:33 pm

Macron misread his people. Went too far. Now he's backtracking and he's losing it

08:23:32 pm

So what is he to do? Resign? Fight? Civil strife

08:32:16 pm

Too early to say. But it will be very difficult for him to recover

08:38:20 pm

But if you are the president and you get vast riots. How do you balance strength and calm

08:39:35 pm

That's the million dollar question. Ideally you don't get yourself into such situation. Now he has to choose between two bad options. But he showed weakness and he won't be able to be strong anytime soon.

08:42:23 pm

Unless he launches a foreign intervention. That's a good way how to unite the nation
