Get some rest you'll need it

01:45:16 pm

Oh yes, local politics gets more and more xenophobic. I'm standing in the way of all these people. They just accused me of "following too much the positions of EU and NATO". I don't know how much longer I will be willing to tolerate that. Slovakia clearly moved in the wrong direction while I was in New York.

I can be. I should be in Paris 20-30

12:47:17 pm

OSCE will keep me pretty busy most of January. Going to places like Ukraine and Moldova (but also Davos).

12:54:23 pm

Shall we meet for dinner February 3?

12:54:39 pm

I'll stay in New York one night longer, so in case Monday the 4th works for you better, we can meet on Monday

02:58:53 pm

Btw it's out now that I'm not running. The party is asking our EU Commissioner. He will most likely agree.

02:59:44 pm

Sorry, most likely I will have to stick to original plan
