Most of You have seen me around (shortish, skin head, tattoos, ) scary dude : I wouldn't want to compete with me. Our difficult task here is to get more coordinated as a team. As if we all worked under one roof, spoke one or two languages, and had the same work ethic . There are 242 employees at juice press and we are about to mushroom in the next 4 months to probably 400! We stand for the best tasting best quality best service foods in the world . We are better than shmorganic shmavenue, better than flu print, and light years ahead of all the smaller guys.

Did you know I am the juice press founder and CEO. Marcus antebi is my name and finally figured out a way to contact you all by text. This is tricky because not all of you speaka no English . Well get your amigos to translate my warm welcome and thanks for your service to this company. You work for a small private chain of stores with 13 stores open and 3 more in the works. Second in command of operations along side me is the tall skinny guy "shom"
