Great, next we should consider trust regulation. still undone. - Insurance, banking, creditor protection. asset protection. . your growth i believe is in the financial sector. fyi, strange that a non resident alien is considered a resident after 122 days, and a us citizen only after 183. .

02:13:34 pm

combination of wyoming nevada alaska and delaware, we can pick and choose the best of each jurisdiction. yours is really potentially the strongest. . .

never heard from her . -, It seems i am forced to agree to the indemnification of the govt if i want to move forward, even in regard to the simple cleaning up years of mess, garbage, and trash on the island. odd, but it appears i have no choice.

12:38:07 am

would you like me to call hiebert on the trust legislation /?

I spoke with him at length yesterday and asked for a definitive date on a draft trust bill. Also, the Commissioner confirmed that she is to call you today.
