barcelona ok

11:36:20 am

I was thinking that it can be a good idea because it's an opening of the Nobu in Barcelona plus if I show my professionalism and right attitude I can get a better option to work. and as far as I know if you don't like an internship you can change it during it Plus I will be close to mom as she has a bday 12 October and I don't want her to be alone during this day .

I received an e-mail from Tokyo
From Osaka

They can have an interview with me with few conditions- starting in the middle of July , having a beginner of Japanese, otherwise I'm gonna be back if the house - I finish in the middle of July, I can do this internship on the fifth semester, as I have one more to do And one thing - I could not be without you for 6 months

In any case I will do what you think it's right , as you are better then me at this

Now I'm studying for my first big exam - lodging
It's been a long time since my previous university when I was doing this apart from practicals that I had
A lot of information that doesn't want to be stuck in the head
Planned to eat something sweet - finished with coffee and fries

How are you?

I'm sorry about I didn't send yesterday, battery is dead, probably because I do it every day

Video I'm gonna finish during these days as I got lucky again 🙌 my friend left to do the last few months of internship to Ibiza and hopefully left me her keys

On Thursday should have an appointment during lunch time for finger prints c it's gonna be unbelievably hard as I have 3 exam this day

Missing you, Jeffrey

Know that you don't like over emotional things but I became so sensitive during these days

Have no clue why

Wish I could just simply hug you

Let me know if you have some spare time during the weekend

And said not good news
She has a cyst in her head that grows

07:55:51 pm

I'm confused a bit
Do you think it's somehow connected with alcohol?
Can it be dangerous? Any risk?
