10:01:23 pm

[REDACTED]

my suggestion , the same as 20 years ago. we were in my office on mad, is to under promise and over deliver. .

10:03:27 pm

so many deals , have been talked about , and after ten years none to fruition, why is that? africa orgs. entities. something odd

10:05:08 pm

You helped me find the right spot at the world bank.

10:05:53 pm

i told you the second you told me. however you continued on for months on end. exactly. you knew better. when it was obvious that it was all nonsense. your credibility takes a great hit , when you vouch for goofy ideas,

10:06:24 pm

I did create a small technology Company. Protected the IP. Registered it in Delaware. Licensed the IP to 2 places. It's still a small Company!

10:06:38 pm

What was nonsense?

10:07:15 pm

silly . you are capable smart and wonderful but only 20 percent of your stories have any legs whatsoever. the whole idea of the guy the numbers the plan the vision, all nonsense and obvious nonsense to boot

10:07:59 pm

We talked through it and I didn't do it. You told me he was fake and risky. So I said no. And moved on. That was it.

10:08:35 pm

not true, months months months of different renditions of the same malarkey

10:09:02 pm

I'm sad. I'm not sure what stories don't have legs? I come to you with dreams or ideas or offers and we talk about them.

10:09:21 pm

You always help me figure
Out of they are worth more
Time Or not and I am very grateful

10:10:05 pm

sorry i am trying to be helpful. sad is good . you need to be disciplined . you are capable of looking at a blown up face. and seeing what needs to be done. take the same cold look at where you are. I need to get on my plane can talk over the weekend
