12:20:59 pm

So cool

You should come w me to ashram

12:27:40 pm

By the way

There's a White House BRAIN initiative that obama started but didn't do much too (guy running it = joker). There are some maybe good things to do and possibly knock out of the park.

Trump will have to decide what he wants to do with it. I know super low priority but it might be really really cool if he could keep it small but important - I'd love to run it with YOU

12:52:13 pm

Basically vascular disease, dementias, guy/brain stuff (degenerative) disease we could really really do cool

Stuff

12:53:04 pm

Currently it's just a framework for policy and dumbness

12:53:34 pm

there will be lots to do, but only after a few months of confusion , position changes. i don't see anything interesting until may or so. most probably sept. too much change in too many places. so enjoy yourself and get prepared

12:55:41 pm

Trying. Any and all advice appreciated as always. Bill wants Me to go back and work w him for a bit so when I leave here - can certainly Do that. Hard to be around him as you know....but want to use my time wisely.
