Of course larry canceled and rescheduled 6 times yesterday bc he was very busy --

03:41:50 pm

Patience

03:42:08 pm

Yup

03:42:21 pm

I'm not doing a thing

03:42:28 pm

Larry cancelled twice today again

One of the gates foundation presidents called me to tell me that a note had been circulated by larry and Melinda to foundation leadership about me joining bgc3. Supposed to be confidential etc. Feels to me like Melinda and Larry trying to find ways to not let me come to bgc3.

10:46:37 pm

Suspect that's why larry is delaying and trying to find a way to not hire me he is being very sneaky. And bill hates conflict.

10:47:27 pm

Not sure what to do am in a very painful position.

10:47:37 pm

Don't catastrophize.

11:05:21 pm

Bill will get it done . Larry is and rightfully feels threatened

11:05:50 pm

Haven't done a thing. Only staying quiet and waiting around.

11:06:31 pm

Any advice?

11:07:35 pm

Be patient

11:14:58 pm

Received an award as the 2017 AOA Endowed Professor - have to give a speech and then grand rounds end Of month. It's in philadelphia this year. AOA oldest medical honor society and for top 15% of Med students and docs. Anyway it's a very nice honor and I now have to write my speech carefully.

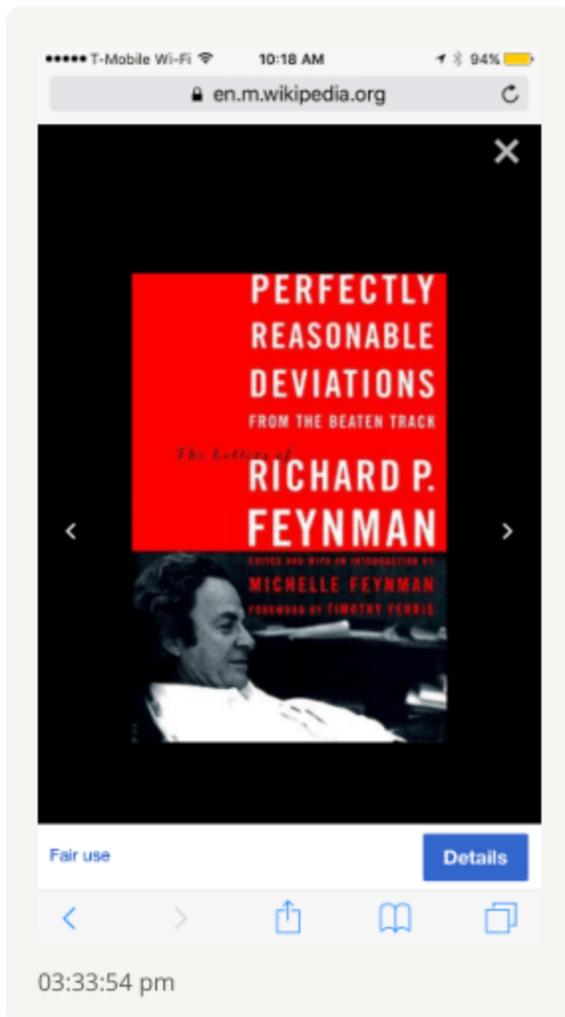

They selected me bc they think I have taken medicine to new places and could serve as an example to young doctors about how to use medical skills in different ways.

03:32:53 pm

They have me award last fall but speech feb 28

03:33:21 pm
