i can try to find a woman doctor. . you need to have a full exam. !!! . I cannot help you if you continue to behave as if you are 14 years old. . it is not wise. its like going to the dentist but refusing to open your mouth . <ss type="smile">:)</ss>

No worry

12:50:42 pm

he said he doesnt want trouble . so he treated you like you were 12 years old and not a woman. sorry. I m not disappointed at all. I would like you to grow up , be happy and secure. I cant force you to grow . when you are ready you will tell me . I can help

03:47:23 pm

I'm glad to hear that you haven't break up with me ,yet) 😊 I'm shocked that we haven't done something! because I was ready) and if someone told me that I needed to do one more procedure - I agreed !! anyway! we checked something in me and I received the pills) I am grateful for that and glad!i want to grow up and I know that in many situations my behavior is strange, I am older than my behavior! and this problem makes my life worse! I come to u because I want to grow) and I will try to do as you advise, despite my little resistance 🧠👤

04:42:23 pm

Could you imagine that you come to the doctor and ask him to heal you. you notice that he is doing something and he convinces you that everything is fine and that you are not sick! 😊after that you become happy, and in a few days you will find out that in fact ,the doctor did not check you, because he just didn't want problems! 😂😂😂

I am happy to hear that you want to help me in education! I would like to know English to the level that I would pass the ACT test, for example, I also want to make sports and make my body better! but, it's all so difficult !! because I'm not sure that I want to be in Russia, to do all this ... I want to work the same way! and today, modeling is part of my life! I would not go to China with pleasure, for example !! 😊 but to spend this time in Russia is less interesting to me !! anyway, I'm incredibly happy with this opportunity from you! and maybe if I am on a long trip, can I take advantage of it after?)
