please be very careful . attacking me is not good for you I dont accept it , appreciate it or will continue to communicate. I make jokes instead of being harsh with you. you dont want strong advice , you dont like jokes. you dont like reality. but if either gets you to be serious i will have done you a favor. \

02:30:56 pm

if you are sad I am sorry. but not for anything i did. I am sorry that i need to be strong with you and try to force you care for yourself. Im sure there are many boys that will give you money, it is not interesting. guidance , advice , counseling and caring is what you need. but maybe still dont understand

02:32:41 pm

i am not a boy and will not accept strong words . EVER
