08:06:52 am

maybe you really do not want to offer me a study and was sure that I would refuse! 🤔
or choose china! I think so??

careful, . if i didnt think you had potential i woudl discontinue conversation . I
always will tell you the truth , the fact that some of it is unpleasant to hear , is not
relevant. . you need to hear , to change and to grow , and to stop whining. . you
have not acted well towards me. you know that. . I said i will give you another chance.
that does not change the past , it just forgives.

08:17:17 am
