Have a +++billions idea kind of scary. Unbelievable no one has done. Before pitching to.strive need to do a nondisclosure BC it is truly genius.

Soon. I am now serious and have to get the legal figured out. Everyone will want a piece. Everyone I tell, everyone that helps, etc.

08:34:39 pm

Steve could likely help a lot but (1) he's so negative and down on everything (2) I don't want to give him anything I earn.

08:35:40 pm

This is all in spite of him being negative!

08:37:18 pm

M

Strive offering me \$10m without hearing idea but says he can do more if I want or need. It will make billions.

Mostly health stuff very quietly but also huge housing project etc. And I was honorary mayor of Harare a few years ago too for a few weeks. It was awesome
