Sneaky, do you sleep yet? Have a question for physics die to tomorrow

12:58:07 am

12:58:26 am

So don't pay attention to calculation only the first trial average time is correct which is 1,15 seconds. So using formulas I tried to calculate initial velocity and maximum height; using two different formulas I should have gotten the same results, however i got totally different and having a hard time figuring out what went wrong...

01:01:20 am

Sneaky dog sorry but may ask your help w one calculation for physics lab pls 😊
