Astrid Gil-Casares (+[REDACTED])

Have broken up with my boyfriend, have move houses (for the 3rd time in 3 years but this one I bought) and my best friend's father (whom I knew very well because she's been my friend since I was 5) passed away.
Has been a tough week emotionally (and I am normally quite strong).
Are you coming to Europe next week?
Why don't you stop by in Madrid 1 night? For some weird reason I sort of "need" you.

I told you/ I'm in Paris, flew over you last night

Astrid Gil-Casares (+ [redacted])

Don't worry. When I say "I feel I need you" it is as a friend (so don't feel any pressure!). It's just I feel/sense a strong connection with you. But maybe it is just a figment of my imagination based on stupid things we women feel special (like the fact that you noticed my new tattoo).

Where are you?
Have spent the last 5 days reading Danielle Steel's books (Danielle Steel and all of that genre from Barbara Cartland to 50 Shades of Grey and the dirtier sort...).
They have suggested I write a book (that kind of book....) before having my second script produced.
Apparently, they call me "The Privileged" in the Spanish Movie Industry and that would "tame" everyone....
But if you knew how bored I am from these novels....
