U there. I'm basically being ghosted. Assume getting mad is pointless and counterproductive. Think at some point I should just send a note. "Want u to be secure and happy. Seems like your not finding being in close contact helps that. Don't want to press you. I'm here for you whenever whatever". I'd guess she is overwhelmed by all various pressures being told by shrink I'm hopeless and embarrassed cuz she knows she behaved badly. Plus nervous about being near me in China. I think she is too erratic to take risks for at this moment m

Can't declare time out when she is on home ground. Just enjoy your time , with no expectations. Pushing too hard on closing. Relax and try to imagine you are the author of this comedy

Yesterday not good. I was sick and out of sorts. I whined. Stupid mad at myself.

She basically said. You had chance blew it. I know about being with you. Now exploring other things. Can't do multiple intimacy. If you ll be happier take time apart.

We parted warmly.
