1212 5333739

yes .
10:10:34 am

not a positive development. . most russia will be done backchannel
10:11:35 am

Anil Ambani

Was classmate at wharton. Know father and family for over 30 years.

10:11:39 am

1212 5333739

yes father was great. problem is that donald didn't think he had the guile to deal with russians. and now the russians have lost most hope that there will be a fast deal. the pushback from pentagon on agreements , was huge. there is a cold war mentality that I have no insight or opinions about. but accept the fact that russia is seen to be untrustworthy. . not my experience at all.

10:15:00 am

the wikileaks CIA leak , suggests that there are zero exploits in the arsenal that are circulating without being turned over to companies. it is sooo wild.
