ok . for discussion. steve and jared are meeting 15 people a day. mostly meet and greet with little follow up. . state dept is way understaffed. MBS s meeting took time to set and basically a waste of time. . though photo op was what they wanted. . its early for anything meaningful.. you should meet with tom barrack

wash, ny, wash more formal and under heavy watch. new york more relaxed i.e. breakfast , but schedule hectic. . do you have an ask? Other countries have had many people , each with their own agenda, trying to organize meetings. they have yet to be able to discern how to titrate.

07:14:27 am

its like a wedding where there is a line to shake the hand of the bride and groom. . hugs , well wishes . and then on to another event
