Customs Heil

Sir, it's Heil again...hopefully you have text! I actually know the passenger service manager in Boston and I want to advise him but first wanted to make sure I have the correct information. Is Bedford asking for APIS or are they the ones who are changing the admission date for your friend, or both? Sorry to bother you but I think that this may be the best person to help regarding the Bedford issue. I'm gonna reach out to whoever I can to help you resolve this.

Good afternoon. Jay Heil here. Just landed in MIA last night. Sorry I was unable to use my phone in Aruba. I just got your message when I landed. I hope they were able to resolve whatever the issue was. If not I'll try to look into it when I get back to work on Sunday.

I hope all is well!
