Jeffrey. I was with family in Catalina Island off the cost of LA. I just saw your message. I am excited that you found a person to help me out in my campaign. When can I talk to this person. Warm regards. Waheed.

Ok. I could talk on the phone first. I am in LA until Friday. I could call him before I go. I would like him to visit Maldives in November to assess the situation and have a first round of discussions and advice. He could thereafter tell us what's needed. Thanks.waheed.
