09:25:22 am

I received a nice note from him wishing me a Happy New Year which I responded to. This isn't a virus and is real. He knows who I am. You're welcome to Google me. Thank you for forwarding it on to him. May I ask, since you know me, who are you?

09:25:49 am

of course , sorry, I was jus thinking your message could go down as one of the great telemarketing schemes of the year , 😊 . If you have a strong stomach you can google me, though 90 percent inaccurate. Jeffrey Epstein
